

12. Bazarr (Subtitles)

Now, one of the most important plugins for your Jellyfin server will be subtitles as well. It is great if you have a movie or show but if you cannot understand what is said then well...;)

So, in this section we will explain the methods you can add subtitles to your movies and shows automatically and manually.

1. The first method will be the manual method by using the opensubtitles.com plugin
2. To install this plugin go to Dashboard > Settings >
